

# Edmonton Bulletin.

EDMONTON, ALBERTA FRIDAY, JUNE 27, 1902

SEMI-WEEKLY 8 PAGE

## TELEGRAPHIC.

### The King Recovering.

Winnipeg, June 27.—The following was London, June 27.—Buckingham, 2 p. m. His Majesty passed a comfortable afternoon. All the symptoms are so far satisfactory. His temperature remains normal. No other than important fluctuations in his temperature will be recorded in bulletins issued. (S) Travers Laking Barlow.

The king continues to show surprising signs of recovery. Intercession services were held throughout the empire.

Lord Lister says "His Majesty is practically out of danger."

### ROYAL FAVORS.

Ottawa, June 27.—The following was handed out from Rideau Hall: "His Majesty the King has been graciously pleased to confer the following honors on members of the King's most honorable privy council: His Excellency, Earl Minto, G. C. M. G., governor-general of Canada. To be knights commander of most distinguished order of St. Michael and St. George; D. Hunter McMillan, Lieut.-Governor of Manitoba; Frederick Wm. Borden, minister of militia and defence; William Mulock, postmaster general. To be Knights Bachelor, Henri Elzear Taschereau, judge of supreme court of Canada; Robert Bask, president of the legislative council of Nova Scotia. To be Companions of the Most Distinguished Order of St. Michael and St. George; Lt.-Col. Frederick White, comptroller of N. W. M. P.; Lt.-Col. Percy Sherwood, commander Dominion Police; B. Harris, president of the Royal Canadian academy.

### SIR D. F. McMillan.

Sir D. F. McMillan received numerous congratulations on his elevation to high office.

### WINNIPEG BANK CLEARINGS.

Winnipeg bank clearings show an increase of \$800,000 over the previous week.

### GENERAL.

Ottawa, June 26.—The governor-general at Cape Town cabled to-day to the militia department to stop the allotted pay to the Canadian contingent from July 1. This is regarded here as intimating that the regiments are coming home.

Two hundred Minnesota bankers and 180 members of the Saskatchewan valley land company were guests of Winnipeg.

Four hundred people from Ontario and Quebec reached Winnipeg, seeking homes in the west.

Dr. Wm. Whitelaw, of Belfast, a brother to R. J. Whitelaw, Winnipeg, was knighted.

Portage la Prairie held a record race meet. Democracy won the free-for-all, the 100 yds. race.

Winnipeg, Grand Forks, Cavalier and Fargo were winners in the northern league.

Bridgman and water supplies on the C. P. R. have received an increase in wages.

The Northwest Baptist convention at Winnipeg has held its closing sessions. There was an active wheat market helped by coarse grains.

The democrats have hope of electing their Minnesota ticket.

The flood crisis at Brandon shows signs of being over.

The day shift of miners at Fernie have gone on strike.

R. H. Cowie, the primate of New Zealand, is dead.

A tornado visited Southern Dakota and Iowa.

A \$10,000 fire visited Uxbridge, Ont.

### ANOTHER WASHOUT.

The express train which left Edmonton on Tuesday morning did not reach Calgary last night. Owing to heavy rains south of Red Deer, a washout had occurred near Didsbury. A freight train had come north of the place of the washout before it occurred, and several passengers who had started for the freight reaching Strathcona on Wednesday morning. No mail arrived on Tuesday, Wednesday or Thursday, although there were two trains, the express and a freight, on this side of the washout which could not be brought the mail north had it been transferred.

The directors of the cemetery company have decided to have the unsurveyed portion of the plot lying west of the blocks at once. Already several plots have been taken and are partly occupied. All alleys in and immediately around the portion now or to be surveyed will be cleared of brush, and the outside corners of the blocks will be surveyed restaked. A small flag in winter will be erected near the north end of the plot. The fence will also be repaired, and means will be taken to mark unidentified graves.

John A. McDougall and son returned from the coast on Monday evening. Mr. McDougall visited Victoria, where the weather was delightful during the whole visit. There is an abundance of fruit. The roses and other flowers, adding charm to the beautiful surroundings. Business appears to be rather quiet especially at Vancouver. Mr. McDougall enjoyed his trip exceedingly, but is glad to return to the "hub" of the Northwest.

## LOCAL.

—C. H. Newton, official assignee, of Winnipeg, arrived on Monday.

—A theft of cigars belonging to Mr. Corraux from one of the booths on the fair ground is reported.

—B. C. Webber, of the government weather office, visited Edmonton on Monday and returned south Tuesday morning.

—On the complaint of License Inspector Cooper a delinquent interdict was fined \$15 and costs or one month by Magistrate Cowan this morning.

—J. L. Mills is having his plate glass front lowered, and will put up large mirrors. This will add to the window dressing and general appearance of his store.

—R. T. Steele, of Lucas, Steele & Little, wholesale grocers of Hamilton, Ont., visited Edmonton this week with a view to establishing business relations.

—Emile Lamoureux, and Henri Lamoureux, cousins of Joseph Lamoureux, founder of the Lamoureux settlement, arrived from California and Kansas, respectively, to settle in the Edmonton district.

—The old bridge on the Black Mud below the railway crossing, has been damaged by the high water, but is in use. The bridge on the Calgary trail above the railway is reported badly damaged and is not in use.

—Cushing Bros., are making considerable improvements in connection with their cash and door factory. A show room, next complete, is being built on Nampayo avenue, north of their office. This will be of great convenience to customers.

—The base line road to Stony Plain is reported to be dry but with many bad ruts. The lake on this side of the divide has been drained dry by the ditch dug last fall. There is no doubt that proper ditches on both sides will make the base line road as good as any in the country.

—G. R. P. Kirkpatrick, manager of the Imperial Bank, and C. Wilmot Strathly, Edmonton, manager of the Canada Permanent, started for Calgary on Tuesday morning's train, but owing to the washout did not go beyond Red Deer. They returned by a north bound freight, which arrived Wednesday morning.

—A freak of the recent high water was to wash away the south bank of the White Mud creek at the Rabbit Hill bridge, and change the creek channel so that there is now a wider stretch of water between the west end of the bridge and the shore than the total width of the stream above the bridge. Although the old bridge is necessary, not injured, a new bridge is necessary.

—The Presbyterian church is completed except the placing of the seats and a little outside painting. The seats are being put in by McIntosh & Company. The church will be formally opened sometime in July, after the return of Rev. D. G. McQueen. It is expected that Rev. Prof. Baird, of Manitoba college, founder of the Presbyterian congregation at Edmonton, will be present.

—S. Eccles has recommenced work on the big Morinville ditch. It was not quite completed last fall, but did good work during the recent wet weather, making passable a great deal of road that would otherwise have been impassable. Possibly two extensions will be made, which will make about another month and a half of work. When complete this ditch will have a good effect on the farm lands as well as the roads.

—Next Sunday, June 29th, was to have been observed as coronation Sunday at the Stargazon by union service of all denominations. Owing to the postponement of the coronation it will be observed as hospital Sunday. The services will be held in the Methodist church at 7:30. Rev. W. McMillan, pastor of the Presbyterian church will preach, and Revs. Carson and Thacker will assist. The collection will be in aid of the Protestant hospital.

—A freight train arrived early this morning which brought a part of the mail that should have arrived on Tuesday evening. Apparently the post office department succeeded at last in getting the railway company to transfer the mail across the break. But the mail which should have arrived on Wednesday and Thursday nights are still to be heard from.

—The fire brigade band will give an open air concert to-night at the corner of the Imperial Bank at 8 p. m. The following programme will be rendered: March Duple's Commandery; R. Hill; overture, "Golden Nuggets"; R. Hill; march, "Hill's Band"; R. Hill; march, "American Cadet"; R. Hill; march, "God Save the King." Band will parade at 7:30 sharp at the fire hall.

—Freighting to the Landing, which was suspended during the recent wet weather has been resumed. The price is \$1.25 per hundred against 75c last winter. Fortunately the bulk of the northern supplies were taken to the Landing during the winter. Had this not been done there would have been severely down the Mackenzie before supplies could have gone forward this spring. The Vermilion is being raised, but the two-way snow bridge is in use again, although somewhat damaged. The two lakes are fordable with difficulty.

—While driving to Fort Saskatchewan yesterday morning John F. Forbes had the misfortune to break his leg. Mr. Forbes, accompanied by L. N. Major, of Spokane, left town the early morning with a literary team; while crossing the bridge at Rat Creek the horses shied, one of the traces was thrown over the back of one of the mules. Mr. Forbes immediately threw himself out falling on his head. The team in the meantime ran away and pitched Forbes out, in such a way that he received severe injury. Mr. Frank Bellamy, who came by, picked up the injured man and drove him to the hospital. Mr. Major, who was stunned, had already received attention from a farmer, who was coming to town. Mr. Clouston fortunately arrived on the scene and drove Mr. Major to the hospital where he remained a short time only. On examination it was found that Mr. Forbes' leg was broken and the ankle dislocated. He is, however, doing well. Mr. Major, who is at the Grandview hotel, is pretty well shaken up, but not injured seriously.

—To-day's train left Calgary an hour late.

—The public schools closed to-day for the summer holidays.

—"Dick" Rioux, who is in the public hospital with hemorrhage of the lungs, is reported to be easier to-day.

—The Fort Saskatchewan ferry stopped running a part of yesterday afternoon on account of the drift wood.

—John Ross, principal of the Edmonton schools, leaves to-morrow for Ontario, and goes afterwards to Dawson City, where he will take the principalship of schools there at a salary of \$3,600 a year.

—Vernon Barford's pupils give their twenty-first recital in All Saints school room, at 8:15 to-night, instead of on Monday next as previously arranged. This will be the last recital before the summer vacation.

—The drive of logs just brought down consisted of 25 thousand logs and are for the mills of D. R. Fraser and John Walker. The first drive consisted of 12 thousand logs and 30 raft of 225 logs each. Mr. Walker states that business this month has been exceedingly good, in fact the sales surpass all previous experiences.

### HIGH WATER.

The water which commenced to rise on Wednesday, rose rapidly during the night. By Thursday morning drift wood came down in large quantities. From 7 a. m. to noon the water rose about three feet and by 6 p. m. it was running over the top of the ice break above the bridge, having raised about 12 feet in all since the commencement of this freshet.

Yesterday morning the upper end of boom, containing 15,000 logs, at Walter's mill broke, fortunately men were at hand and the boom was secured before many logs escaped. Warps were then made fast at short intervals from one end of the boom to the other, to overcome, if possible, the great pressure.

During the afternoon the drift wood came down so fast and thick that the ferry could not be operated.

This morning there is no drift wood running, the water has fallen about a foot so that the danger to the boom is lessened, if not over.

### THE WEATHER.

Throughout the week the weather has been exceedingly fine and favorable for growth.

The following report is supplied from the meteorological station:

	Max.	Min.
Friday,	68	33
Saturday,	70	38
Sunday,	75	45
Monday,	75	51
Tuesday,	70	52
Wednesday,	68	48
Thursday,	71	47
Friday,		

No precipitation.

### Next Assembly for Vancouver

Free Press, Toronto, June 18.—At the morning session of the Presbyterian general assembly held to-day it was decided to hold next year's meeting of the general assembly at Vancouver, B. C.

### DEATHS.

Juneau.—At St. Albert on Sunday, June 22nd, Perpetua, wife of F. M. Juneau, of St. Albert, and sister of F. Meyerhofer, of Edmonton.

### NEW ADVERTISEMENTS.

WANTED.—Gentleman wants furnished room, with or without board. Apply at Bulletin Office. 69-70p.

### TEACHER WANTED.

To teach in Partridge Hill school District. Duties to commence August 11th. Apply to ROBT. HOUSTON, Secretary Partridge Hill, S.D. Fort Saskatchewan.

"Amber" Plug Smoking Tobacco is winning on its merits.

"Have you tried it?" Save the tags, they are valuable.

### WANTED: At once

Waitresses, Waiters, Dish Washers, Kitchen Help.

Apply to C. E. BELFIELD, GROUNDS

### The Canada Permanent and Western Canada Mortgage Corporation.

HEAD OFFICE, TORONTO.

President, GEORGE GOODERHAM  
First Vice-President and Managing Director, J. HERBERT MASON  
Second Vice-President, W. H. BEATTY

CAPITAL PAID-UP, \$6,000,000.  
INVESTED FUNDS, \$23,000,000.

Branch Office—Imperial Bank Block, Edmonton.

MONEY TO LEND on Improved Farm and Town property at lowest current rates. Loans closed and the money advanced at the Edmonton office without delay.

MUNICIPAL, School and other Debentures purchased.

C. W. STRATHY, MANAGER EDMONTON BRANCH.

## J. T. BLOWEY.

TABLES that will not groan.  
CHAIRS that will seat you comfortably.

### A. A. MORROW

DISPENSING CHEMIST Two Doors West of Bellamy's.

## IT NEEDS NO ELOQUENCE

TO DESCRIBE THE GOOD QUALITIES OF OUR CANNED

Peas. Corn. Tomatoes. Raspberries. Strawberries. Cherries. Peaches. Pears. Pineapples and Plums.

Only those who have used them can fully appreciate their quality.

### JOHN W. MORRIS,

Telephone 107. Free Delivery.

## LOCAL

—Mr. and Mrs. H. W. McKenney, of St. Albert, were in town on Monday.

—Laurendeau Bros., will open on July 1st, with a full assortment of wine, spirits, etc.

—Geo. E. Handley, of Winnipeg, general agent for the Deering Manufacturing Co., is in town.

—The roads north of town are improving vastly under roadmaster Kennedy's able management.

—The gun club will hold a tournament at the traps on Wednesday, the 2nd July. All will be welcome.

—The stores have agreed to close each afternoon on fair days, July 1st, 2nd and 3rd, but will be open each day till 12:30 noon.

—The Methodist conference recently held at Portage la Prairie, established the following as mission fields in the Edmonton district: Stony Plain West, East, Lewisville, Ferrybank, Ponoka, East, Morningside, Oxbanks, Red Deer East, and Burnt Lake.

—Sam McCauley has been at work again, this time the object of his attack was Frank Gray's establishment, which will be moved on Monday to the extreme west side of the lot. "Frank" will erect a paint shop on the space made vacant by the removal. This will provide further accommodation necessary for his increasing business.

—S. Larue has received the pleasing account of the success at college of "Pat" Donovan, his former protégé, who left here five years ago to attend the seminary at Quebec. At the recent examination this clever student carried off no less than 23 prizes and has taken his B. A. degree. Last year he won 18 prizes and two years ago he managed to secure 16, but this year eclipsed all former records.

—On Monday night word was received by J. F. Forbes, captain of the Edmonton Rifle Association, that 25 Lee-Enfield rifles with accessories and 10,000 rounds of ammunition had been shipped on June 19th, by the militia department, Ottawa, freight paid to Edmonton, in compliance with the requisition sent from here. This should be an incentive to swell the membership roll. It is expected that everything on the rifle range will be ready by the time the rifles reach here.

—The Rev. D. J. Matheson, with his flotilla of four large flat boats, cast off from the shore at Fraser's mill on Tuesday morning. His loads consisted of every conceivable article required for the use of all connected with his mission at Saddle Lake, until this time next year. The list contains clothing, groceries, brick (about 8 tons), an institution entirely dependent on the exertions of these connected immediately with it. Mr. Matheson is accompanied by Mr. Dougherty, formerly employed at Cushing's mill. He is a first class mechanic, blacksmith and carpenter, and will instruct the boys of the mission school.

—W. J. Webster has commenced the erection of his woolen mill on Third street, N. W. corner. The building intended for the heavy machinery will be a substantial structure, 36 feet by 50 feet, two and one half stories high and will be covered with iron fire proof roofing. The building will be fitted with 2,000 feet of hot water piping for heating purposes during the winter months. An additional building 24 feet by 30 feet will be erected immediately with further extensions as required. Mr. Webster has brought four skilled workmen from the east and intends to conduct his business in such a way as to keep his hands constantly employed, running at full time. The contract for roofing has been let to Ross Bros.

—Since Monday morning, doubtless owing to the improved conditions of the roads, due to the fine dry weather of the past few days, the farmers have been coming to town in considerable numbers. On Monday 45 loads of produce were weighed on the Iowa scales and 32 loads on Tuesday up to 3 p. m. At this hour seventeen wagons, owned by Galicians, were pulled up on the vacant ground behind the Parson's hardware. From the corner of Queen street thirty-five wagons were in view at the same time, while 33 farmers wagons were on the market square. A large number of hogs are being offered at prices ruling, viz., 5 to 14 cents live weight. Hay on Monday ranged all the way from \$6 to \$16 per ton and on Tuesday from \$8 to \$12.

—On Monday night Harry B. Spratt received the sad news of the death of his brother, Lieutenant H. D. Spratt, of the 23rd Imperial Yeomanry, who was mortally wounded in an engagement at Marmora, Cape Colony, on the 2nd June, and died the following day. The late Lieut. Spratt joined the City Imperial Volunteers, as a private, on the 13th January, 1900, and proceeded to South Africa. He was wounded in an engagement at Jacobsdorp, soon after the battle at Bloemfontein. He rejoined his regiment on recovery, soon after had enteric fever and was invalided home where he remained less than two months. Being offered a commission in the 23rd Imperial Yeomanry, this brave young soldier returned to South Africa and joined Col. Doran's column, engaged skirmishing in Cape Colony where operations continued actively after the signing of the peace terms, the news of which had not reached the command. Mr. Spratt has the sympathies of all his friends in the loss of a brother to whom he was much attached, and who died for the empire.

## BRICK.

Few people, who see brick carted through the streets of a village or city or later on see this article of domestic value in its final position forming the main factor in the walls of a cottage, mansion or commercial palace, ever give a thought as to the manner or process necessary to transform one of nature's products into this form of economic value.

During the week the Bulletin had an opportunity of visiting the Edmonton brick yards. Every detail connected with the daily operations of these "going concerns", should be of more or less interest to every progressive citizen, for the reason that it is one of the many industries offered here to men of enterprise and capital.

At the yard on this side, and owned by James Little, the first object of interest noticed was the old plant, which is a machine driven by horse power, a team walking round and round hooked to a drawing beam. The clay and sand in a damp state is fed to the machine by hand, ground up, forced out and cut into brick by a wire frame operated by hand. These moulded brick are removed on barrows and placed under the sheds where they dry for eight or nine days before they are ready for the kiln.

Six men and three horses are necessary to operate this plant.

The new plant just installed by Mr. Little was next visited. The Henry Martin brick machine is the latest improved moulding machine known and is run in conjunction with Baird & Son's patent sanding machine, the sanding preventing the moulded clay from cracking in the moulds. The whole is driven by a 20 horse power engine. The clay is hauled up to a raised platform, with horse and cart, a spare cart being left at the pit, to be filled by two men. The water for puddling, is raised, by steam, to a tank, which holds 35 barrels. This quantity of water is about the daily expenditure. Five men are required to run the machine, viz: The engineer, 1 feeding the mixer; 1 mould feeder, who slides the sand mould into the machine; 1 trimmer, who receives the moulds leaving the machine; 1 deliverer, who turns out the five newly made brick from the mould on a tray made of lath. Four men, each using a patent double deck spring barrow and on which each man loads 9 trays of forty-five brick, wheel away and place the trays on brackets in the drying sheds. These drying sheds are twenty in number, about eighty yards long, and are arranged with flaps on the roof, to be closed or not according to the weather. They have a capacity of 200,000.

The brick come from the machine with sufficient rapidity to keep all hands hustling.

A newly burnt kiln of 150,000 was cooling and men were busy building a large one to be fired at the end of the week. This kiln is 39 tier high and contains 12 arches or flues. Two men were occupied at the building and four men wheeling, taking 50 brick per trip.

The drying requires about 8 days, the burning 8 or 9 and 4 or 5 days are necessary for cooling. About 65 cords of wood are expended in burning a kiln.

Mr. Little stated that the brick were sold at \$8 per thousand at the yard.

The yard across the river is but a short distance from the end of the traffic bridge. On visiting this establishment both Mr. Peter Anderson and Mr. James Ross, who gave up considerable of their valuable time in order to explain everything of interest about the premises, were seen.

Here also were found two machines, one of which is known as "the Freese wire cut." It has an average capacity of 25,000 per day and a limit of 40,000 per day. The power for this machine is supplied from a 75 horse power engine, which also furnishes the power to run the dry press machine.

Here the clay is hauled from the pit in a truck on a cable tramway which carries one and a half cubic yards at one time. The water is pumped from "Mill Creek" to a tank above the puddler and is expended at the rate of 40 barrels per day.

An engineer, two men and two boys operate the machine—a boy receives the cable car which dumps the clay on a platform, a man attends to the mixer, shovelling in clay on which the necessary water is turned. One man handles the wire machine which cuts 12 brick at a stroke, a boy moves the brick from the machine, two men wheel away and two men set the brick to dry.

The 14 sheds about 70 yards in length with two more to be added will give a drying capacity of 250,000.

Six men are employed at the pit. When the cable car is loaded the barrows are emptied into a hopper, which is filled by the time the car returns; a trap is then opened and the car reloaded without loss of time.

The "dry press" process is quite different. A special machine is required and the clay has to be thoroughly dry. When in the required condition the clay is first put in the grinder, consisting of two wheels, the one running inside the other, in opposite directions and at a very high speed. The ground clay is now carried by an ordinary elevator to the top of the machine where it falls into a sifter, the reduced portion being fed to the compressor through two canvas pipes and the tailings returned to the mill to be re-ground. The powdered clay falls into the moulds, which are heated by steam

to prevent sticking. The "pulp" is now submitted to a pressure of 10,000 lbs. to the square inch. As the brick is turned out it is quite solid, hard as stone, and will remain in that condition, without cracking, even if not fired.

One of the advantages of this process is that the newly pressed brick can go directly from the machine to the kiln, thus saving time—a great item where the season is so short. When burnt it is a pretty brick, very suitable for finishing and closely resembles terra cotta.

Moulds are on the premises for shaping fancy brick of various designs, a machine is also ready for the cutting. It was expected that the "dry press" would be in operation in a day or two.

There is a quantity of clay and fine sand on the property, an abundance of water in the creek, while a coal seam furnishes all the fuel required for the engine and domestic purposes.

The wire cut brick are offered at \$8 per thousand and the pressed brick at \$13 per thousand.

Should operations this season prove successful some changes and improvements are contemplated. These, if carried out would lengthen the working season.

The brick yard situated on the south side, above Walter's saw mill, was also visited.

Here there is a compact plant operated by the Pollard Brothers, who came from Iowa, U. S., about three years ago.

The machine used by them is a Kotts, "Brick and Tile combined," and turned out, what is termed by the trade "stiff made" wire cut brick. It is driven by a 12 horse power engine, cuts four brick at a stroke, and has a capacity of 16,000 per day.

There are 25 drying sheds, each 55 yards in length, fitted with reversible roofs, which are turned as occasion requires. Together they have a capacity of 75,000. From 8 to 10 days are allowed for drying.

The proprietors state that their clay bed has a depth of 18 feet with a sufficient quantity of sand in strata and below. Here also a cable car, on a tramway, is used to carry the clay from the pit to the mill.

Water, of excellent quality, is brought down by a pipe from a spring in the bank or hill some eight or ten feet above the mill site.

A kiln was in course of construction and when ready to be fired would contain 225,000 brick.

The Messrs. Pollard, who in turn very kindly gave every possible information, stated they found regular employment for 20 men and that this number would probably be increased to 22.

As at the other yards the price asked is \$8 per thousand.

It will be noticed that this single industry furnishes regular employment during the open season, for over 60 wage earners, and with the present prospects of an ever-increasing demand for this commodity the pay roll will increase proportionately.

The proprietors of these establishments deserve every success for their enterprise.

## EDMONTON EXHIBITION.

## GENERAL INFORMATION.

The price of admission for adults will be 25 cents each time of entering; and for children under 14 years of age, 15 cents.

Entries close on Saturday, June 28.

Entrance Fee:

Stallions, 3 years old and over, \$2.00

All other horses, over 3 years, 1.00

All other horses, under 3 years, 1.00

Ponies, each, 1.00

bull, 3 years or over, .50

Other cattle, over 1 year, .25

Cattle, under 1 year, .25

Shops, per head, .25

Swine, per head, .25

Poultry, per pair, .25

Turkeys, Geese, Ducks, per pair, .25

Pigeons, per pair, .25

Rabbits, per pair, .25

Birds, Canaries, etc., .25

Dairy Products, entry for each section, .10

Field Rocks and Vegetables, .10

Grains, Grasses, Field Seeds, Etc., .10

each entry, .10

Plants and Flowers, each entry, .10

Preserves and Pickles, each entry, .10

Ladies' Work and Miscellaneous, .25

each entry, .25

Natural History, etc., each entry, .10

School and Children's exhibits, Free

Fine Arts, each entry, .25

Entries, not specified, .25

All exhibits, except live stock, dairy products and fruits, must be on the grounds and in position not later than 9 a.m. Tuesday, July 1st. Live stock, dairy products and fruits must be on the grounds not later than 10 a.m. on Tuesday, July 1st. This rule must be strictly observed. All animals will be subject to veterinary inspection.

As it is intended to have the exhibition fully open to the public at the time named, exhibitors are especially notified that articles or animals arriving after the above times will not be allowed to compete. Exhibitors of machinery or other heavy articles are requested to have them on the grounds and placed in position during the day preceding the opening of the exhibition. All boxing, wrapping, and other packing material must be cleared away and everything put in proper shape before 10 a.m. July 1st.

Articles placed on exhibition must not be removed till the close.

Accommodation is provided upon the ground for live stock. Straw for bedding and water will be furnished for horses, cattle, sheep and swine, without charge, from the opening till the close of the exhibition, so that the stock may be taken to the grounds immediately on their arrival. Hay and grain for horses, cattle, sheep and swine, will be for sale on the grounds. Exhibitors will please report at one if unreasonable prices are exacted. The production of any of the animal's may be ordered by the directors in charge for review or other purposes, at any time during the exhibition, and any exhibitor or attendant refusing or neglecting to bring such animals out as directed, shall forfeit his entry fees and any premiums which may have been awarded him.

In the absence of competition in any section, or if the stock or article exhibited be of inferior quality, the judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second or any premium. It does not follow that because a prize is offered for any particular animal or article that it must be awarded unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. The judges are particularly requested to note this fact.

Any exhibitors lodging a protest must make it in writing and it must be delivered to the secretary or his assistant before 10 a.m. The day following the cause of protest; it must state plainly the cause of complaint or appeal, and must be accompanied by a deposit of \$1.00 which sum shall be forfeited to the association if the said protest is not sustained.

If any person, through ignorance of the regulations, shall bring exhibits without having entered them at the proper time, the same may, at the discretion of the directors in charge of the particular department, be allowed to be brought upon the grounds.

## BEAVER LAKE EAST.

This season, so far, as to the weather and mosquitoes has been quite a contrast to that of two years ago. The cattle have had a fine time of it, and though the growth has not been up to that of 1900, it may catch up yet.

John D. McAllister took out 600 lbs. of mail matter for the offices of the district this week. He conveyed the mail for the offices of the west side in a small boat across the lake. The water was rough both ways, and when he landed from the return trip he was almost used up after battling with wind and waves for seven hours.

The ferry on Beaver Creek is working well, and the charge—50¢ for teams—is reasonable, all things considered. June 19, 1902.

## That British Steamship Trust.

The first official intimation of the proposed formation of a British shipping trust is conveyed in a letter from the secretary of the Royal Mail Steam Packet company. This authoritative document states that preliminary negotiations have commenced for the incorporation of this company in a large scheme in association with other important British lines. Details are at present confidential, but will be disclosed to the shareholders before any definite decision is arrived at.

## WHERE TO MAKE YOUR KICK.

Following are the officers, directors and standing committees of the Edmonton exhibition association:

C. Gallagher, president.

J. H. Gariepy, vice-president.

Thos. Bellamy, Thos. Daly, John Kennedy, John A. McPherson, J. H. Morris, D. Ross, W. S. Robertson, directors.

F. Fraser Tims, secretary.

Standing Committees.

Finance.—C. Gallagher, F. Fraser Tims.

Attraction.—J. H. Gariepy, D. Ross, C. Gallagher, W. S. Robertson, J. H. Morris.

Prize list.—John Kennedy, T. Daly, T. Bellamy, D. Ross, J. H. Gariepy, John A. McPherson.

Grounds.—T. Bellamy, W. S. Robertson, C. Gallagher, J. H. Morris, Donald Ross.

Racing.—J. H. Morris, W. H. Cooper, treasurer.

Directors in Charge.

Of the different classes and departments during the fair.

Horses, John A. McPherson.

Cattle, John Kennedy.

Swine, John Kennedy.

Sheep, John Kennedy.

Poultry, Thos. Bellamy.

Grain and grasses, Thos. Daly.

Horticulture, Donald Ross.

Dairy products, J. H. Gariepy.

Domestic manufactures, W. S. Robertson.

Miscellaneous, W. S. Robertson.

Ladies' work, Donald Ross.

School exhibits, Donald Ross.

Races and sports, Jos. H. Morris.

F. Fraser Tims, secretary.

Exhibition building and all exhibits therein.—Donald Ross.

Fair grounds, privileges and public comfort during fair week.—W. S. Robertson, Con. Gallagher, J. H. Morris.

## ROSS CREEK.

June 20th; Fine weather to-day

Roads are improving and water lowering in the creek and sloughs.

Mail on the 18th inst. Pleased to see Mr. Sholtz bringing it again, as we know something of his value as a mail carrier.

Very little rain these last two weeks.

Four row boats on the creek.

Thos. Brigham, Jr., brought the mail two weeks ago.

Our new missionary, Mr. McQuarry, conducted the services last Sunday.

School is expected to open on the 23rd, with Mrs. Willmeroth as teacher.

Miss Clemons is home again from Edmonton, whither she went two months ago.

Mr. Newman of the Lake of the Woods, has sold all his cattle and horses.

Solman brothers are adding to their stock of goods continually, and have built an addition to their store.

S. A. Hallberg is doing considerable clearing and breaking this summer.

Cool and breezy the last two weeks.

Some of the bridges are in use again.

Mr. Willmeroth, wife and little daughter, of Macon City, Iowa, arrived at Ross Creek, on the 8th inst. They are at present living with Mrs. Willmeroth's parents, Mr. and Mrs. Brigham. They expect to make Ross Creek their future home, and we are pleased to have them do so.

Roses are in bloom. Cherry blossoms scent the air.

Not enough mosquitoes to hinder one from his work yet, or send the cattle home at night.

June 20, 1902

## Fraud in Scrip Deals.

Several cases of forgery have been discovered by J. A. McKenna, the commissioner in charge of the granting of scrip to the half-breeds and Indians.

These cases are now in the hands of secret service officers from Ottawa, and it is probable that some sensational developments will result from their investigations.

"You can just say that we are looking into things," said Mr. McKenna to a reporter for The Telegram. "There have been some forgeries, but what we will do about it I am not in a position to say."

"When will the arrests, if any, be made?"

"I can't say. The facts are that three birth certificates were tampered with, and the dates so changed that the individuals named on the papers would be entitled to scrip. The persons involved in it live near St. Norbert and St. Francois Xavier. The fraud was detected by Mr. McKenna who sent an agent to the two parishes to verify the birth certificates."

Another case was where the names of a whole family for two generations, had been entered into a family bible. But the careless perpetrator of the scheme forgot to notice the date line indicating the time the bible was published. Mr. McKenna did not, however, and the attempted fraud was detected.

Calgary Herald, June 20.—Rev. Father Lemarchand returned last night from Edmonton, where he has been attending the funeral of the late Bishop Grandin. While away he preached a retreat to the nuns of the Edmonton convent. He returns north to-morrow morning, going first to St. Albert, where he will attend a retreat and afterwards to Edmonton to assist Rev. Father Leduc. He will be absent a month, returning to Calgary on July 21st.

in the Supreme Court of the North-West Territories, Northern Alberta Judicial District.

IN THE MATTER OF THE ASSIGNMENT for the Benefit of Creditors of John H. Montgomery, of Edmonton, Alberta, Merchant,

NOTICE IS HEREBY GIVEN PURSUANT to the Order of Mr. Justice Scott, made herein, this 30th day of May, A. D. 1902, that all creditors and others having claims against the estate of the said John H. Montgomery, do within six weeks after the first publication of this notice send in their names and addresses and the particulars of their claims, together with a statement of the securities (if any) held by them, and the name and address of their advocates (if any), to William Short, of the Town of Edmonton, Alberta, assignee of the estate of the said John H. Montgomery, or to Short & Cross, Advocates, Edmonton, Alta.

CROSS AND NOTICE IS FURTHER GIVEN THAT after the expiration of the time limited for the sending in of claims against the said estate, the said assignee shall be at liberty to distribute the assets of the said John H. Montgomery, or any part thereof, among the parties thereto, having regard to the claims only of which he has notice and that he will not be liable for the assets or any part thereof so distributed to any person of whose claim he shall not have had notice at the time of such distribution.

Dated at Edmonton, this 23rd day of May, A. D. 1902.

CHARLES W. CROSS,

Attorney for Assignee.

First publication of this notice 30th May, A. D. 1902.

## TOWN OF EDMONTON

DISTRICT OF ALBERTA.

## Water Works and Sewerage Works.

## The Alberta Land Company

Has 20,000 acres of as fine land as can be selected in Beaver Lake, Vermilion and Birch Lake country.

These lands are adapted to both raising grain and stock. There are three lines of proposed Railroads running through this part of the country. These lands can never be bought cheaper than now. We are selling every day and they are not going to last long. Improve the opportunity and place your money where you are sure of securing a good profit by the investment.

Many invest in Mining, some in Oil, some in Bonds; only a few reach the goal; the rest find their hard earned money gone with only a piece of nice paper to tell the story. Why not buy a piece of land one-half mile [ ] to look at and see it increase from year to year in value until it makes you and yours a nice little fortune? It will surely come. It is only a question of time.

We solicit your trade. Call or write and get maps and information of these cheap lands.

## THE CORONATION POSTPONED

How poor is our poor humanity, is brought strongly home by the postponement of the King's coronation. The ruler of one of earth's mightiest empires, in whose honor preparations had been made in all parts of the world—with every resource of wealth and science at command—is compelled to forego, for a time at least, that which must be the greatest desire of his life, the dearest wish of his heart. The King of earth's greatest realm is in the hands of providence, and subject to the laws of nature as well as the humblest of his subjects.

Sometimes this fact is forgotten in the desire to do reverence to those in high position, and sometimes it is not remembered by those whose high position has warped their view of life.

How sudden is the change! Four days ago the world at large held King Edward to be the most fortunate of mankind. To-day the pity and sympathy of the poorest of the many millions of his subjects is not out of place.

The postponement of the coronation ceremony and consequently the arrangement of all preparations that have been made throughout Britain's vast empire, is a very serious matter, and shows how doubly serious are the causes which compelled the announcement of the postponement only two days before the event. No doubt, the resources of medical and surgical science and skill were exhausted in the effort to carry the king over the coronation ceremony. When this could not be done the only conclusion is that his condition must be most critical.

While every sympathy may well be felt and expressed for the king, as well as hope for his early and complete recovery, it is fortunate that should the worst occur there is no prospect of complications affecting the empire. There is no question as to the succession nor is there the prospect of any change in the principles of constitutional government which have been followed by the present king and by his illustrious predecessor. It has become the custom to look upon the sovereign of Britain as a mere figure head. But the man or woman who has power to dismiss governments, and dissolve parliaments, whose signature alone declares war or makes peace must be a good deal more than a figure head for good or ill. Judged by the impression created by the present heir to the crown during his recent trip around the world the empire will lose nothing by his coming to the throne, should that be soon or late.

## THE CALGARY AND EDMONTON RAILWAY.

Our old friends of the Calgary & Edmonton railway are again in evidence. In fact they are in court. They are suing the Dominion government for the coal rights under their land grant. It is not generally known that a large part of the Calgary & Edmonton land grant was taken in the foot hills of the Rockies in Southern Alberta, a region containing numerous and extensive deposits of coal of the best qualities. For years the railway company were satisfied with their \$80,000 a year subsidy and their two million acre land grant. But those were years when the coal underlying the land was not considered as having special value. Now that the value of the coal has been demonstrated, the company have awakened to the fact of its existence and as well to the possibility of its ownership, with the result of an action at law to establish their rights. As the account stands at present that company has received from the people of Canada a bonus of \$80,000 a year for 20 years, having a capitalized value of \$1,600,000; and 6,400 acres of land for each of the 295 miles of railway constructed, or 1,888,000 acres, equal to \$3 an acre to \$4,664,000. From the bondholders they have received \$5,488,940. A total of \$11,122,940, on a road which they state in the government report to have cost \$3,717,382. Or to put it a little more plainly; for each mile which they allege to have cost \$12,600, a mile they have received in money or money's worth \$37,465 a mile—and still they are not satisfied. They have already received three times the alleged cost of the road in land, money, and bonds, and now they want the coal under the land. The man who having got the earth wanted it fenced, must have been a close relative of the C. & E. proprietors. Their present effort compares most favorably with that of the man who having stolen a mill came back for the dam.

## ALBERTA'S OPPORTUNITY.

For more years past Australia has been recognized as a strong competitor of Canada in agricultural products. In England, in South Africa and even in Canada itself Australian farm products of wheat, butter, oats or mutton have affected the price of the Canadian product. But this year Australia is likely to be a buyer and not a seller of foodstuffs. A terrible drought which has struck the north western quarter of the island. This being the case there is a good prospect of a lively market for Alberta oats and barley of this season's growth. Not only so but the fact that shipment must be by a Pacific port gives Alberta an advantage over other parts of Canada and the trade compelled to go that way by exceptional circumstances this year will be to some extent established for other and possibly less favorable years to come. A letter recently forwarded by J. S. Larke, commercial agent of the Canadian government at Sydney, New South Wales, under date of May 19th, to the secretary of the Winnipeg board of trade explains the situation very fully:

"Dear Sir—New South Wales and Queensland are suffering from unprecedented drought. For seven years there has been a partial drought, which has affected the interior, but this year it has spread to the eastern and coastal districts. It is still spreading and has reached portions of Victoria and South Australia. It is said that forty millions of sheep are slowly starving, and the best flocks are being preserved only by expensive hand feeding. The surplus of stockstuffs was early shipped out of the commonwealth in the anticipation that the harvest would yield many million more bushels than it did. As a consequence prices have advanced to figures that make importation of some articles possible even under the tariff, and, if the drought continues, will create a demand for almost all lines of foodstuffs that will bear transportation.

The prices to the trade and duties on leading articles this day in the Sydney market are: Flour, local, \$9 5s. to \$9 10s. per ton. Flour, Manitoba, \$12 to \$12 5s. per ton. Duty \$2 10s. per ton. Wheat, local, \$4 7d. to \$4 8d. per bushel; barley, \$4 2d. and \$4 3d.; oats, \$3 4d. to \$3 5d. per bushel. Duty on above grain 1s. 6d. per cental.

The duties are yet under consideration in parliament; they may be reduced, but it is not probable that there will be any change. In articles where the duties prohibit importation there is a very considerable raw export do the islands which the duties do not affect. The Fiji trade, particularly, now that the Canadian-Australian steamers make Sava a port of call, should be open to Canadian exports. I should be glad to obtain the names of firms who are prepared to export to this market, with quotations delivered at Sava, Brisbane or Sydney. It will be necessary to get through the customs from ports of origin to destination. The quotations will, of course, be subject to fluctuations of the market, but will be valuable in furnishing a fair idea where trade is possible. In making quotations it must be remembered that the Australian standard weight of a bushel of oats is 40 lb. and of barley 52 lb. It would be well to mail small samples of grain. The butter would have to be shipped in cold, and the meats and cheese in cool storage; and freight estimates must cover charges for same. Cable address should always be given, as the business will be done by cable. Terms will be cash, either by letter of credit or on the presentation of documents here. In the latter case 'provision must be made in price to cover exchange.

"Hitherto, except in the case of flour, attempts to get produce from Canada have not been very successful. It is alleged that the prices quoted when inquiries have been made, have been those of local markets, plus freight here, and in consequence the business has gone to the United States firms, which are thoroughly organized and secure cost rates direct from the producers to their agents in Australia. It is in the hope of securing some of this trade for Canadian exporters that I ask the attention of your board to this circular letter."

## OATS FOR AFRICA.

The shipment of oats from C. & E. points to South Africa by the Brackman-Ker Company was completed on Friday, June 13th. And the last of the shipment was loaded on the steamer Cymbeline at Vancouver on the 21st. The shipment comprised 4,000 tons or 196 carloads. In weight the oats ran from 39 to 45 pounds, and averaged 42 pounds per bushel. All were white and are pronounced by Mr. Lines, of the Brackman-Ker Company, as the finest shipment he had ever made. The oats were double sacked at the elevators and would go to Durban, Natal, in the same sacks. The work of sacking was done between the 10th of May and the 13th of June, something less than thirty working days, and could have been done in from ten to twelve days had the inspection been sufficiently prompt. As it was nearly 3,500 sacks per day were filled and loaded on cars. Of the oats shipped 55 cars went from Wetaskiwin, 40 from Leduc and 111 from Strathcona.

## AT THE TRAPS.

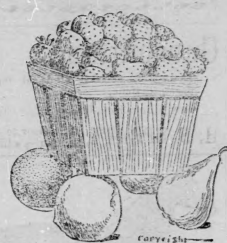

At the regular meeting on Tuesday evening, June 24th, there was a good attendance. J. H. Morris headed the score, which was as follows:

J. H. Morris,	12	8	20
L. Goodridge,	11	7	18
J. B. Mercer,	11	7	18
K. C. Jardine,	10	3	14
R. A. McLeod,	10	1	11
H. E. Jennings,	10	6	16
Mr. Drinnary,	9	4	13
J. I. Mills,	10	5	15
W. H. Cooper,	8	9	17
H. Heston,	8	8	16
E. Lobby,	6	4	12
T. Grindley,	6	6	12
G. Corriveau,	5	3	8
J. Turnbull,	4	4	8
R. Robertson,	4	4	8
Dr. Till,	4	6	10
Geo. Gouin,	7	3	10
DE Acres,	3	8	11
L. Savard,	3	3	6
R. Muz,	9		

## CATTLE SMUGGLING.

Ottawa, June 26.—Mr. Bourinot, the special officer of the customs department, who has been in the Northwest Territories for the past three months looking into the charge that cattle were being smuggled across the border without paying duties, has returned to the city. The charge was preferred by parties living on the United States side of the boundary line.

Mr. Bourinot has made his report to the customs department and it bears all the evidence that he and the Mounted Policemen and other members of the force who were associated with them, did their work well and in such a way as to cause as little friction as possible. The result of their work was that 600 head of cattle were seized on one ranch in the Lethbridge district owned by Spencer and Co. on which it was charged that no duty was paid. It may be that they have drifted over. That is generally the excuse given. The Spencers have ranches on both sides of the line. The duty is twenty per cent, but in the case of seizure there may be a fine and double duty as well. Each case has to be dealt with on its own merits. In the present instance there is no intention to deal harshly, the idea being, in such a way, put a stop to the complaints that smuggling exists. As soon as the matter was brought to the attention of Messrs. Spencer and Co., they put up a \$10,000 cheque as a bond waiting the decision of the government as to the merits of the case. The department has the matter in hand and it will be disposed of shortly.

FRESH B.C.

## STRAWBERRIES

Arriving by every train.

C. C. CARPENTER, Pass. Agt., 503 Guaranty Bld., Minneapolis, Minn.

## BRITISH COLUMBIA FRUIT PROSPECTS

W. S. Robertson returned from a visit to the Okanagan Valley and the fruit country on Monday evening. He reports that the fruit prospects are excellent. The prospects are for the fruit output of which he is the agent. The prospects are for a large crop of apples, plums and cherries. The apple trees are so heavily laden already that men are put on to thin out the fruit to prevent the branches from breaking down and to allow the remainder of the fruit to grow to greater perfection. Strawberries have been a failure, the plants having been struck by rust. The ranch has some 70 acres of hops which look splendid.

On the coast there is an immense crop of strawberries, of size and quality unequalled elsewhere. Apples are not doing as well as in the Okanagan Valley, but plums and cherries are a good crop. Flowers of all kinds are in full bloom in the gardens of Vancouver and Victoria, roses are especially magnificent.

## GUN CLUB SHOOT.

The gun club tournament in connection with the fair will take place on Wednesday, July 2nd, commencing at 9:30, and will be held on the old race track in rear of the H. B. Co's store.

1st event—Longworth Cup. Members only; 50c entrance; 15 singles and 5 pairs; 1st prize, cup, \$75; 2nd prize, in kind; 3rd prize, in kind, \$2.

2nd event—Open shoot, ten singles; 50c entrance; cash, \$10, and half of entrance money, 40, 30, 20, 10 per cent.

3rd event—President's trophy; 9 singles and 3 pairs, 1st, 50c entrance; open to members only; 1st trophy, 2nd, \$5; 3rd, \$2.

4th event—Sweetstakes, 10 singles; 50c entrance; no charge birds; divided 50, 30, 10 per cent.

5th event—Vice-President Secord's trophies; 1st trophy, \$10; 2nd, trophy, \$5.

6th event—Green shoot; 10 singles; 50c entrance; 1st, \$3; 2nd, \$2; 3rd, \$1.

7th event—Rose system; 10 singles; 50c entrance; 50c added, less birds.

8th event—Consolation match; 10 singles; 50c entrance; 1st, \$2.50; 2nd, \$1; 3rd, \$1.50; 4th, \$1.

## HOMESTEAD ENTRIES IN THE WEST.

Montreal Star: An idea of the development of the west may be gathered from the following returns of homestead entries from the different land offices in the west. The comparison is incomplete for the months of April, 1902, and 1901, as returns have not yet been received from the offices at Regina, Prince Albert and Red Deer, but big increases in the number of entries are estimated from these offices.

It will be noticed that the increase for March, 1902, over the corresponding month of last year is \$40 or nearly double the total of 1901, while the increase for April, 1902, over April, 1901, is more than double, being 803, the total being 1,289.

	March, 1902.	April, 1902.

## Still the Number Increases

Lord Kitchener's return of the surrenders in the conquered republics is now complete. In the Transvaal 11,225 Boers have surrendered, with 10,683 rifles, and in the Orange River Colony 5,966 Boers have surrendered, with 5,289 rifles. These figures have come as a great surprise to Mr. Brodrick and the war office authorities. Cape Colony has not yet to be announced, but enough is known to show that had peace negotiations broken down the Boers might have prolonged the war until 1903.

Lord Kitchener's figures lead to the conclusion that the Boer army must have totaled certainly 80,000 men, and may very well have considerably exceeded 85,000.

Sir Wilfrid Laurier and Mr. Borden, with their wives, will be in the first carriage in the second day's procession, and will be escorted by Canadian and Australian guards of honor. Whiteley Reid, the United States special ambassador, will be in a carriage with Admirals Gervais and the Turkish and Netherlands special ambassadors. The official detail of both street parades, as published confirm previous forecasts. The coronation procession will be shorter and the succeeding day's parade longer and more elaborate than had been anticipated. No imperial defence fund for Canada.

## ATHLETIC EVENTS—EDMONTON FAIR

100 yards dash, amateur, 1st prize medal, value \$7.50; 2nd, medal, value \$2.50.

100 yards, boys under 12, three prizes, pocket knife.  
Committee—Dr. Braithwaite, Rev. H. A. Gray, W. R. Watt.

Wind and Weather Story.  
Telegram, June 18.—Never has Winnipeg had so much unseasonable weather as it has this season. There are many varieties served each day. There has been an abundance of lightning and thundering; of cold weather and wind and superabundance of rain. Last night the temperature was as low as 45. The gentle, musical mosquito sees the pool of water and deposits its eggs in them and the eggs are hatched and just as the fledglings are about ready to leave their watery nests a bleak norwester comes along and puts them out of business.

The weather man seems to have mixed things.  
The report of the meteorological station down at St. Johns will be found interesting. It shows just where we were at any time last week. For wind, Sunday holds the record. At one time that day the wind was springing along at 42 miles an hour and for one whole hour it kept up a 31-mile gait.

During the week .94 inches of rain fell, but it was judiciously distributed so as to spoil every day in the week.

The following is the record at the chief meteorological station in Manitoba, St. John's College, Winnipeg, for the week ending June 17:

The height of barometer above sea level is 769 feet.

Greatest barometric pressure, 29.98 inches, 11th inst.

Least barometric pressure, 29.50 inches, 14th.

Highest temperature, 75.2, 13th.

Lowest temperature, 42.5, 16th.

Greatest hourly average of wind for 24 hours, 31.9, 15th.

Least hourly average of wind for 24 hours, .98, 13th.

Greatest velocity of wind, 42.0, 15th.

Rain, .94 inches.

Yesterday the weather reached the climax of abomination. All afternoon the rain fell in torrents and towards evening the temperature began to fall.

Interesting Attractions.

All previous efforts to provide attractions for the patrons of the Winnipeg Industrial exhibition will be eclipsed this year, for in addition to the novel and sensational features which Jabor, the new Barnum, will bring, the management has decided to expend an exceptionally large sum in speeding events. The fact has been pretty well advertised, not only in Western Canada, but in Chicago, Duluth, the Twin Cities, and other places in the south, that \$12,000 in prizes will be given for these speeding events, and as a result entries from these places already pouring in. Outside of this the management will expend \$40,000 in premiums.

The Winnipeg fair, which has been so successful in past years, will this year be held a day earlier than usual, commencing July 21 and concluding July 26.

The exhibition management decided last month at a general meeting of the directors that the special attractions this year should be exceptionally good, and with this object in view the management visited the Elks' fair in Minneapolis, where Jabor's Oriental Carnival, Circus and Menagerie company were showing. This combination is without a doubt one of the best of its kind in America, and a contract was speedily signed to have it appear in Winnipeg at the fair this year. One of the most sensational features of Jabor's troupe is Diavolo's performance known as "Looping the Loop." This in plain English means riding half the trip on the ceiling of the loop with his head pointing towards the ground.

In addition the special features include a splendid wild animal show, a typical Mexican street scene of all nations, a Mexican theatre, an Oriental theatre, a pony and dog show and a number of other attractions.

ICE.

Dissolution of Partnership.

Notice is hereby given that the partnership at present existing between the undersigned General Blacksmiths under the firm name of D. G. Latta & Co. in the Town of Edmonton in the District of Alberta, will be dissolved by mutual consent on the 30th day of June, A. D. 1902. All debts owing to the said firm are to be paid to David G. Latta at Edmonton, and all claims against said Partnership will be settled by the said David G. Latta.

Dated at Edmonton, this 20th day of June, A. D. 1902.

(Sgd.) D. G. LATTA.

(Sgd.) T. C. ENGEL.

Witness—

Wm. Barnhouse.

The business will continue to be conducted by the said David G. Latta under the firm name of D. G. Latta & Co. 67-71c.

Notice to Creditors.

In the Matter of the estate of William G. Wood, of the Town of Strathcona, in the District of Alberta, General Merchant, insolvent.

NOTICE is hereby given that William G. Wood, of the Town of Strathcona, in the District of Alberta, carrying on business as General Merchant, at the said town of Strathcona, in the form of a partnership with J. O. Bouchier, Implement Agent, in the Town of Edmonton, in the District of Alberta, and Northwest Territories of Canada, for the general benefit of his creditors.

A meeting of his creditors will be held at the Office of the said William J. O. Bouchier, at the Town of Edmonton, in the District of Alberta, on Monday, the 30th day of JUNE, A. D. 1902, at the hour of ELEVEN o'clock in the forenoon, to receive a statement of the affairs, to appoint inspectors and for the ordering of the affairs of the estate generally.

AND NOTICE is further given that all creditors are required on or before the 2nd day of August, A. D. 1902, to file with the said Assignee, or his Assignee, a statement of their claims and the security, if any, held by them, and a Statutory Declaration thereon, with verifying the same, and that all claims of which Notice shall have been given, and that they will not be liable for the assets or any portion of them so distributed, to any person or persons of whose claim he shall not have had notice.

WILLIAM J. O. BOUCHIER, Assignee.

## ALWAYS ASK ABOUT THE QUALITY

Nothing is so important as good quality in Groceries. We like our customers to know the brands of goods we sell them, because we know the quality is there.

Those who have tried our

Waldorf Baked Beans, in Tomato Sauce.  
Leintz Baked Beans, in Tomato Sauce.  
Alymer Pork and Beans, in Chili Sauce.  
Wilson's Herrings, in Tomato Sauce.  
Snider's or Alymer Tomato Soups.  
Columbia Baked Beans, in Tomato Sauce.  
Columbia Tomato Catsup.

And our many other table delicacies know what tasty dishes they can prepare with these at their command. In a few days we will be replenishing our stock of Fancy Pickles and Sauces: Cross & Blackwell's, Gillard's, Paterson's, Charbonneau's and others.
